

## BOEING COMPOSITES MALAYSIA

# Senior Manager Supply Chain

As a Boeing employee, you'll be part of a winning team that does great things every day. Join our team as a Senior Manager, Supply Chain, where you'll lead and optimize our procurement and warehouse operations. You will drive proactive team engagement, ensure safety and policy adherence, and manage all aspects of material planning and inventory

### Responsibilities:

- Motivate and engage the team to maintain high morale and productivity
- Ensure safety and compliance with all company policies
- Continuously review and adjust work scopes and team management
- Monitor team performance to achieve business goals
- Establish and maintain effective meeting cadences for procurement and warehouse functions
- Oversee material planning, purchasing, and inventory management to meet production needs
- Manage warehouse operations and ensure timely fulfilment of production orders
- Optimize material inventory levels and manage material risks and expiry
- Analyse and approve supplier contracts and plan cost-saving initiatives
- Prepare and present procurement strategies and analyses to leadership
- Negotiate with suppliers to build strong business relationships
- Adhere to ethical standards and manage departmental expenses within budget

### Requirements:

- Bachelor's Degree or Master's Degree in Supply Chain Management, Business Administration or a related field
- Minimum of 5-10 years of experience in supply chain management, with a proven track record of success in senior or managerial role
- Preferably Senior Leadership experience
- Experience in leading cross-functional teams
- Proven ability to design, implement and optimize supply chain strategies
- Strong leadership, negotiation, and analytical skills
