

AEROSPACE COMPOSITES MALAYSIA SDN BHD

Procurement Specialist

We are seeking candidates who thrive in a fast-paced environment with a strong supply chain background to oversee our suppliers across the globe. Join our dedicated team where we empower every team member to unleash their full potential through creativity, innovation, and fostering a vibrant culture founded on principles of transparency, safety, and respect.

Responsibilities:

- Manage communication and relationships with suppliers on contracts and relevant business arrangements including leading negotiations on pricing and terms
- Ensure effective material planning, procuring and stock management is in place to align with the business plans and requirements
- To delve into the supplier's strengths, cost-efficiency, and trustworthiness through a comprehensive evaluation and assessment
- Evaluate potential risks and opportunities and craft innovative strategies to mitigate the risks and capture opportunities and cost avoidance
- Engage and promptly tackle supplier quality concerns and proactively put corrective measures in place as needed
- Efficiently manage documentation and contracts while maintaining detailed records on supplier performance
- To stay updated with industry trends and market decisions, identify fresh prospective suppliers and inventive solutions to address business needs and challenges
- Support the Procurement team by addressing issues, and continuously assessing the team's alignment with the company goals
- To find creative solutions to current challenges through process improvements, documentation, and training

Requirements:

- Degree in a business management discipline or equivalent with a minimum of 8 years related work experience OR Master's Degree in business management discipline or equivalent with a minimum of 6 years related work experience
- Exhibit exceptional leadership qualities, a proactive nature, and adept problem-solving and negotiation skills
- Possesses strong communication and analytical skills
